

## Offshore Catering Jobs

Do you have any experience as a cook? If yes, you should think about finding offshore catering jobs. Jobs on oil rigs are famous for paying double what you would normally earn in another industry. And if you have never worked as a cook in the past? Then why not try for an entry level position like a steward? In the rest of this article, we will cover:

Salary Working conditions How to improve your chance of getting hired Where to look for jobs
